**COMPREHENSIVE ACADEMIC CALENDAR  
FOR THE ACADEMIC YEAR 2020 – 2021**

The Academic Calendar, schedule of the meetings of the statutory and non – statutory authorities including detailed university examination schedule for the academic year 2020–2021.

# Proposed modified academic calendar for academic year 2020-21

## Preamble

### Introduction

The Comprehensive Academic Calendar for the academic year 2020-21 was notified by the university on 1<sup>st</sup> July 2020. According to the notified position in the said academic calendar, the Academic term was to begin on 1-07-2020 and end on 30-06 2021.

Due to the COVID 19 Global pandemic an unprecedented situation cropped up and due to the announcement of lockdown in the country, the students left the campus in third week of March 2020. There was no clarity as to when the academic activities can be resumed and the classes and conduct the summer 2020 and winter 2020 summative examinations can be undertaken. Due to the binding guidelines of the Apical councils the summative examinations for all the core faculties except the faculty of Pharmacy, Allied Sciences and Allied health sciences courses could not be conducted on an online proctored mode. The University took initiatives to save and compensate the lost academic time by taking various initiatives which were in tune with the UGC guidelines (Vide guidelines dated 29-04-2020). Thereby, all the faculties started online teaching. For all the batches of students under different faculties where promotional exams were due, entire residual portion of the syllabus was completed along with all the formative examinations availing technology and on an online mode. The summative examinations, even for the purposes promotion to the next level could not be conducted due to the lock down declared by the statutory authorities. The students of all the faculties except the faculty of Medicine were notionally promoted to the next level and their online classes for the next year (level) were started from 1<sup>st</sup> May 2020 considering the prevailing uncertainties. The university could save considerable time due to this initiative and the residual portion of syllabus for the batches due to appear for winter 2020 exam was also covered using online teaching modality. This initiative took care of the didactic teaching component but the skill training of the students could not be done availing the online mode.

All the constituent faculties of KIMSDU, Karad have taken abundant care in ensuring the completion of syllabi in shortest possible time without compromising quality and additional teaching hours have been carved out by extending the college timings, availing Sundays and Holidays and curtailing the vacations to ensure compensation of the accrued academic loss and to avoid academic spillage to next year in substantial manner.

The proposed modified academic time table for different faculties shall be as under:
